ACADEMIC PROJECT

Netflix Landing Page Clone│link │HTML,CSS
- Developed a clone of the Netflix landing page to enhance front-end development skills.
- Used HTML and CSS to replicate the layout and design of the original page.
- Ensured the page was responsive and visually appealing across different devices.

Task Tracker Application|link| REACTJS,CSS
- Developed a task tracker application to manage and track daily tasks.
- Designed and implemented the front-end using ReactJS and CSS, providing a responsive and user-friendly interface.
- Ensured cross-browser compatibility and optimized performance for a seamless user experience.

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Active member of the university coding club, participated in coding competitions and hackathons.
- Regularly attend industry conferences and webinars to stay updated with the latest trends and technologies in software development.
